

Jill is very passionate about motivational speaking and facilitation as it allows her to inspire others to reach for the stars and beyond.

Excerpt from peer: "I recently had the pleasure of sharing a platform with Arlene at a conference in Johannesburg. I frequently speak at events around the country and I can confidently say Arlene's conference was well conceptualised and the speaker topics complimented each other. Arlene is a passionate motivational speaker which allows her to inspire others to reach for the stars. Her empowering approach will add immense value to your company's operations and leave a lasting legacy.' What has impressed me most was Arlene's ability to chair and summarise the important elements from each of the discussions. I can recommend her unreservedly and look forward to our next venture."

Jill strives to create as many AHA moments and WOW experiences at each and every intervention time and time again ensuring raving clients at all times!

&
International

Bouquet of Services

Jill, The Motivational Speaker and Facilitator derives great satisfaction from transferring skills to her peers in the PA industry. Today, more than ever it has become imperative that the PA has a skills set that encompasses office & administration management, financial management, project management, advanced technological skills, legal knowledge amongst others.

Today's PA acts as her Executive's 2nd-in-charge a.k.a 2IC for certain delegated tasks. It thus becomes important to upskill the PA to be able to comfortably fulfil these roles and that is where Jill becomes involved.

WORKSHOPS FACILITATION CONFERENCES SPEAKING

Jill's motivational speaking and facilitation comfortably speaks to most industry leaders in the executive, admin, office and support sectors across a number of different industries.

You tell Jill what challenges your company is currently experiencing like low staff morale, strategic vision and she will build a program around this!

Please note that all interventions are outcomes-based to ensure that the delegate derives immense value and maximum benefits from the interaction during the intervention!
